

## PNG Institute of Medical Research

The PNGIMR is a statutory organization tasked with conducting medical research into the primary health problems facing the people of Papua New Guinea. It produces research of international quality that attracts global attention and funding from a variety of international agencies. For more information about PNGIMR, visit: <http://www.pngimr.org.pg>

The WANTAIM Trial is one of the largest studies ever conducted in PNG. We are seeking to recruit experienced individuals who will be responsible for coordination and administration for the WANTAIM Trial in **EAST NEW BRITAIN PROVINCE**.

### **Team Leader – WANTAIM Trial East New Britain (REF: TL ENB/IAI14)**

We are seeking a **Team Leader** who will be responsible for coordination, supervision and oversight of clinical research activities and procedures conducted as part of the WANTAIM trial. Accommodation allowance will be available for this position.

- Based fulltime at the WANTAIM Trial office **Kokopo, ENBP**
- HEO or equivalent with full and current registration with the Medical Board of PNG
- Experience in conduct and administration of antenatal clinic services, including obstetrics, gynaecology, neonatal care and clinical management of sexually transmitted and genital infections.
- Previous experience in clinical research projects will be viewed favourably.

### **Nurse/Midwives – WANTAIM Trial East New Britain (REF: NO ENB/IAI14)**

We are seeking Nursing Officers/Midwives who will be responsible for conducting and supporting antenatal and postnatal care and will assist with supervising births as part of the WANTAIM Trial in East New Britain Province. No accommodation allowance will be payable for this position.

- Based fulltime at the WANTAIM Trial office **Kokopo, ENBP**
- Nursing Officer or Nurse/Midwife with full and current registration with the PNG Nursing Council.
- Experience providing inpatient and outpatient care for pregnant women and their babies.
- Willingness to be trained in obstetric ultrasound examination
- Previous experience in clinical research projects and/or obstetric ultrasound examination will be viewed favourably.

These positions will be offered on a fix-term contract basis.  
Salary will be commensurate with experience and qualifications.
